

WAIVER OF LIABILITY AND ACKNOWLEDGEMENT

In consideration of being permitted to participate in the Pilot Employee E-Scrap Program for proper recycling and disposal of electronic items in my possession, I, _____, hereby release the Commonwealth of Kentucky, all agencies attached thereto, and its employees and contractors, from any and all liability in connection with my participation in this program. I understand that efforts will be made to protect any personal information which may be left on my electronic equipment. However I agree to waive any right or cause of action I may have concerning personal information on any items I dispose of as part of this program. I acknowledge that once I relinquish custody and control of my personal item(s), it will become property of either the Commonwealth or Creative Recycling, neither of which is responsible for the protection of these items on my behalf.

I also understand that I will receive no monetary compensation for this disposal but that the Commonwealth or a state agency may derive some benefit from this program.
